

CBS-CEMS MIM EXCHANGE

FACT SHEET 2024-2025

KEY FACTS

CBS is a business university with approximately 20,000 students. We believe that cross disciplinary perspectives are important; our scale often allows to address problems from a diversity of angles.

As a CEMS MIM student, you will have unique exposure to CEMS corporate partners and Nordic companies. Moreover, you will have the chance to be part of the strong CEMS professional network of students and alumni. Follow the CEMS Club Copenhagen on the [CCC Facebook Group](#) and on [Instagram](#) .

CBS offers both traditional business electives as well as course which draw on our multi-disciplinary approach such as: Innovation, Digitalization, Corporate Social Responsibility and Entrepreneurship.

Apart from the CEMS core courses, CBS offers a wide selection of [electives](#).

BLOCK SEMINAR

The seminar on [Corporate Social Responsibility](#) runs from August 19 – 23, 2024.

CEMS MIM YEAR

Please note that quarter and full semester electives are offered, which means that exams can take place in the middle or at the end of the semester, including December/January and June.

- [Experience work-life balance](#)
- [Welcome to "Hvøge" land](#)
- CBS's triple crown accreditations

SUCCESS STORIES

"I can now say that I have had an amazing CEMS-semester here at CBS, my home school, and I believe that part of that success is due to my own high level of engagement with the other CEMSies! Being the Head of Marketing at the CBS CEMS Club, I have gotten to know almost the entire cohort and I have met some great people, that have made this semester a blast! Therefore, I recommend giving it a 100% when you are in"

- Selma Masinovich CBS/NOVA

"The biggest benefit of doing the CEMS-program are the people you meet during your studies. It is a great and inspiring experience to study in such a diversified group of people who are all very passionate about what they are doing and about what they want to achieve. I found amazing friends during this program, and you really get to know your colleagues very fast. This is due to the fact that you are spending a very intense time together while travelling, going out and of course, also while working on projects together. Furthermore, this also allows you to build a great network with people from all over the world that will be very valuable in the future."

- Felix Wagner WU/CBS

IMPORTANT DATES

Nomination deadline

Fall semester: April 15
Spring semester: October 15
Both need to be done through cems.org and nomination form.

Application deadline

Fall semester: late April
Spring semester: late October
